Dear Michelle,

Although none of our people made it to your latest user conference, I am sure the conference was a very worthwhile experience. Thank you and your staff for patience and the problem solving this past year as we added the petroleum division from Essig to our business. In this constant fast pace change taking place in all business, especially agriculture and cooperatives, your company has been able to keep pace very well and help solve problems as they arise.

Companies are successful for two reasons: 1) talented and intelligent employees 2) commitment and excellence in management and leadership. Agvantage Software has both, and is the reason we continue to invest in your company for the future.

Sincerely,

Kevin Subart
General Manager
River Region Cooperative.
