[valeriea@agvantage.com](mailto:valeriea@agvantage.com)

### Happy 2018!!

- The **New Federal Withholding Tables** have just been released for 2018 and the IRS would like them to be used by February 15<sup>th</sup>. The FICA limit changed from \$127,200 in 2017 to \$128,700 (was earlier announced) to a revised limit of **\$128,400 for 2018**.
- Reminder: **W-2's must be distributed to employees by Jan. 31<sup>st</sup>**. They need to be electronically filed or paper filed by that date also. Filing electronically through BSO and **testing the file with AccuWage Online is Highly Recommended**. You can do it all on-line this year.
- **WASHINGTON** - We have programming to help you with the new Sick Leave law. Please contact support at 877-282-6353 if you have any questions.

## COLLABORATION - 2018 Theme of 33rd National Conference & User Exchange June 20-22, Minneapolis

Lori Campbell  
Conference Manager  
loric@agvantage.com

We have chosen "Collaboration" as our 2018 conference theme and it pertains to the terrific networking and brainstorming that occurs at our conferences. We plan to provide opportunities to encourage participants to collaborate even more. We know that there is a wealth of knowledge among our attendees and many customers have shared their expertise by teaching conference sessions, or helping out in other ways. We are also working on providing the best methods for facilitating small group discussions. For example, you may have some new ideas you would like to toss around with others either to refine your idea or explore alternatives. The conference environment provides opportunities to receive input from a variety of people of different age groups or skill levels. We have ideas on how to facilitate this, but we would like your suggestions too. Please feel free to contact me at [loric@agvantage.com](mailto:loric@agvantage.com). Also, I will be emailing a conference survey to all customers the first week of February to get further input on potential sessions for June, 2018

### Fun Facts regarding AgVantage Software's National Conference Location, Mystic Lake Center

Mystic Lake Center opened with a New Year's Eve party a couple of weeks ago. The new facility will be the location of AgVantage Software's 2018 National Conference. The center's scheduled opening was planned in anticipation of the 2018 Super Bowl in Minneapolis in February.

Mystic Lake is now the second largest hotel in the Minneapolis-St. Paul area with 766 total rooms. "The design of Mystic Lake Center is inspired by Minnesota's natural scenery and has plenty of natural light. The center's western façade features more than 11,000 square feet of SageGlass with electrochromic technology that reacts to sunlight, preventing glare and heat gain. Floor-to-ceiling Sage-Glass provides uncompromised views of the surrounding scenery."
