CUSTOMER SPOTLIGHT: ENERBASE COOPERATIVE RESOURCES MAIN OFFICE: MINOT, ND

Enerbase Cooperative Resources originated in 1928 as a new cooperative consisting of railroad men and farmers who wanted to take advantage of the very high margins in Petroleum Products. Today it has grown into a diverse cooperative that includes C-stores, agronomy locations, a hardware store, a car care center, machinery sales and more. The cooperative has been an AgVantage Customer for 25+ years and we sincerely appreciate our business partnership.

Tony Bernhardt
CEO

How long have you been using AgVantage Software? 25+ years

Favorite Feature of AgVantage Software: Amanda Haugen, Credit Manager commented, "I find it to be very user friendly. I also like all the information that can be stored, like notes, etc. It is very easy to make changes and those changes are implemented right away without needing to update the system. It is instant. That is very nice."

Enerbase Cooperative Resources Fuel & Lubricant Fleet

Something unique about your company that you would like to share with other AgVantage Software Customers:

Enerbase Cooperative Resources will celebrate its 80 year anniversary next summer and is still going strong. As you can see in the location listing on the previous page, we are very diversified in services. We service farmers and ranchers, many companies in the energy sector (oil), and many residential customers.

CEO Tony Bernhardt commented, "Since the inception of this cooperative, our board of directors has always looked for ways to improve and grow the company. We have many great partnerships formed, and continue to expand them further to benefit our patron-owners. Enerbase Cooperative Resources has grown significantly over the past eight decades and our focus remains on growing our footprint and our services and selections for our owners."
