Chelsey Laubenthal

My name is Chelsey Laubenthal. I am joining the AgVantage Software team as a Customer Service Specialist for Grain and eventually AR.

I came here with an Agricultural and Banking background. I am excited to get back into Ag after nearly five years! My husband, Tyler and I just celebrated our fifth anniversary in April. A fun fact is that our mothers worked together roughly 10 years before I crossed paths with Tyler.

We live in Titonka, Iowa with our cat and two dogs, Minnie and Cooper. When we aren't on our motorcycles, we are spending time with family and friends. I also stay busy in my flower garden, painting, bowling, traveling, and DIY projects around the house.

I am grateful to be a part of the AgVantage team and look forward to working with you!

Deb Nichols

I am married to my husband Monte. Between the two of us we have a blended family of five children and four grandchildren. We live in a small town, Eleva, Wisconsin. We have a yellow lab "Boone", he is a rescue and super spoiled.

I went to school for graphics design, supervisory management and intro to computers. I worked at a daily newspaper, Winona Daily News, in Winona, MN for 8 years. At that point, I started a family and decided to start an in home daycare for 11 years.

From there I started a job at Garden Valley Cooperative as a grain merchandiser and feed sales. Garden Valley eventually merged with Countryside Cooperative, and at that point I was moved to a position as Agronomy Office Administrator. I bounced around Countryside/Landmark, and eventually Alcivia, as Procurement Assistant, Logistics,

Customer Solutions Coordinator and Agronomy/Energy Sales.

I enjoy archery hunting, gun hunting, and turkey hunting on our farm. My husband and I have also been to numerous places on our side by side including South Dakota, Wyoming, and of course Northern Wisconsin.
